MANTHAN GUJAR

B.Tech – Computer Science & Engineering | Wardha, Maharashtra

+91-9834245085 ● manthangujarofficial10@gmail.com ● linkedin.com/in/manthan-gujar ● github.com/manthan10G

EDUCATION

Symbiosis Institute of Technology, Nagpur **2024 – 2028**

B.Tech – Computer Science and Engineering ***CGPA: 6.84*** *Nagpur, Maharashtra*

PROJECTS

Blockchain Powered Insurance Claim Process | Blockchain, Smart Contracts **2025**

- Developed a blockchain-based system to streamline the insurance claim process by improving transparency, security, and efficiency through decentralized verification.
- Designed **smart contracts** to automate insurance claim validation and approval processes.
- Implemented a **decentralized ledger** to securely record claim transactions and prevent fraud.
- Enabled **transparent claim tracking** for insurers and policyholders with an automated, tamper-proof claim workflow.

Blockchain-Powered Academic Credential Verification System | Blockchain **2025**

- Built a blockchain-based platform to securely store and verify academic credentials, enabling institutions and employers to authenticate certificates instantly.
- Created a **decentralized credential storage system** to eliminate fake certificates.
- Enabled **instant verification of academic records** using blockchain transactions, ensuring **data integrity and immutability**.
- Designed a system allowing **institutions to issue tamper-proof digital certificates**.

Electronic Health Record Management System with Analytics | Blockchain **2026**

- Developed a secure electronic health record (EHR) management system using blockchain to ensure data privacy, integrity, and efficient healthcare data access.
- Implemented **secure patient data storage** with **controlled access** for doctors and healthcare providers.
- Integrated **analytics features** to analyze patient health trends and treatment outcomes.
- Improved **data transparency and security** in healthcare record management.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, C, Python

Technologies: Blockchain, Smart Contracts, Decentralized Systems, Version Control (Git)

CERTIFICATIONS

- Python – Red Hat
- Data Structures and Algorithms using Python
- Using Advanced GitHub Copilot Features
- Responsible AI with GitHub Copilot

SPORTS & ACHIEVEMENTS

- Passionate about sports, particularly **football**, with active participation in college and local tournaments.
- Achieved **multiple recognitions and awards in football**, demonstrating teamwork, discipline, and leadership skills.
- **Represented Division Level in Football**, demonstrating strong teamwork, discipline, and competitive spirit.
- Actively participated in **competitive football tournaments** and developed leadership and strategic thinking skills.
